Docket No.: 1506-319

REMARKS

This amendment is supplemental to the applicant's previous response dated November 1, 2004 in which the Applicant elected to prosecute claims 23-26. This election precipitates a change in the inventorship that merits a deletion of several of the originally named inventors

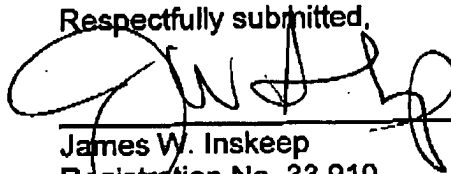

More specifically, the Applicant now cancels the unelected claims remaining from the response of November 1, 2004, namely claims 1-22 and 27-33, and corrects inventorship of the pending application accordingly. The Applicants wish to again emphasize that claims 1-22 and 27-33 are being canceled without prejudice to the right to prosecute these claims in a later divisional application.

CONCLUSION

If for any reason direct contact with Applicant's attorney will advance the prosecution of this case to finality, the Examiner is invited to contact the undersigned at the number given below.
